**All Provider Bulletin 375**  
**August 2023**

**TO:** All Providers Participating in MassHealth

**FROM:** Mike Levine, Assistant Secretary for MassHealth 

**RE:** **Coverage and Reimbursement Policy for Coronavirus Disease 2019 (COVID-19) Vaccines**

**Introduction**

This bulletin confirms coverage for newly added COVID-19 vaccine codes and also lists vaccine codes that are no longer covered by MassHealth effective April 18, 2023.

**Coverage for COVID-19 Vaccine and Vaccine Booster Doses**

On April 18, 2023, the U.S. Food and Drug Administration (FDA) amended the emergency use authorization (EUA) for the Pfizer-BioNTech COVID-19 vaccine and Moderna COVID-19 vaccine to simplify the vaccination schedule for most individuals. This action included authorizing the current bivalent vaccines (original and omicron BA.4/BA.5 strains) to be used for all doses administered to individuals six months of age and older, including for an additional dose or doses for certain populations. MassHealth will cover COVID-19 vaccine doses consistent with the EUA.

MassHealth will issue transmittal letters that add the codes in this table to the relevant provider manuals. The Executive Office of Health and Human Services (EOHHS) will formally establish the rate for these codes through administrative bulletins or amendments to relevant pricing regulations. The rate of these codes will be consistent with existing vaccine administration rates.
